

OVERVIEW

- At the outset of this meeting we need to point out that we are here for no other business than to decide whether the club is going to sign the proposed leases for both the temporary and permanent premises.
- We are not here to debate or discuss any other business which is not germane to this purpose.
- As DUC senior members it is your sole duty tonight to concentrate your energies into voting on what you believe is the best way forward for the continued existence of DUC.

The DUC Executive/Directors on the PWC Board urge Senior Members to vote in favor of empowering us to sign both the Temporary and Permanent Leases being offered by our landlord the DPDC.

Thank You
